IT'S ALL ABOUT THE COLOR!

PRO-SPRAY® AUTOMOTIVE FINISHES AMAZES SHOPS WITH WATERBORNE AND SOLVENTBORNE REFINISHING SYSTEMS THAT DELIVER PRECISE COLOR MATCH AND INCREDIBLE VALUE.

ABOUT PRO-SPRAY TRUE EUROPEAN TECHNOLOGY

Born in England and introduced to the United States in 2003, Pro-Spray® Automotive Finishes now has headquarters in Ohio and a new 53,000 square foot corporate facility in England. Pro-Spray delivers cutting-edge European technology, performance and value to premiere collision repair shops around the world.

A COMPLETE, HIGHLY-EFFICIENT AND PROFITABLE SYSTEM

Pro-Spray offers a complete line of European technology surface prep products, plastic

repair products, undercoats, sealers, single stage color, solventborne and waterborne basecoats, clear coats, universal activators and thinners, low VOC coatings, ancillary products, extensive color tools and one of the most comprehensive color databases in the industry.

WATERBORNE BASECOAT THAT "EXCEEDS" EXPECTATIONS

When was the last time your color exceeded expectation? Painters that use Pro-Spray® H2O say the color match and performance "exceeds" their expectations. Our premium

European system of 70 shake-and-pour toners provide quick coverage, fast dry times, superior metallic control, over 55,000 waterborne color formulas and the highest shelf life and pot life available.

MORE SHOPS ARE SWITCHING TO PRO-SPRAY COLOR

Color Systems Built for Speed, Exceptional Hide and Impeccable Match. Pro-Spray's versatile solventborne intermix system delivers single stage, low VOC single stage and basecoat colors from a single set of high-strength mixing toners to provide domestic and import formulations for interior, exterior, engine bay, motorcycle, multi-tone and VOC compliant applications. There are over 140,000 solid, metallic, pearlescent and multi-layered colour formulas.

TEST DRIVE AND LEARN

Our Pro-Spray Global Technical Training Center boasts 4,500 square feet of integrated hands-on training and classrooms with the most advanced spray, mixing and hi-definition audio-video equipment available. (Jobber and shop courses are available at no charge. Join us today!) ■
