## Contact Information:

### Pro-Spray® Automotive Finishes

600 Nova Drive S.E. Massillon, Ohio 44646  
Phone: 330-830-6000  
ProSprayFinishes.com  
ProSprayH2O.com

### Technical Support & Training:

Fax: 330-830-6005 Attn: Pro-Spray Training  
Phone: 1-800-776-0933

## Class Format:

Designed with attendees in mind, classes are conducted in our state-of-the-art training facility supplied with the latest tools and equipment for hands-on learning. Our well-appointed classroom is the ideal environment for effective, thorough coverage and discussion of the training material. Instruction is conducted by our training and technical staff; when schedules allow, leading industry manufacturers representatives will share valuable information and answer your questions.

Class sizes are small, providing a tailor-made educational experience which prepares a student at any experience level to be more productive and better prepared for their job role.

For both the classroom lecture and hands-on training, casual dress is appropriate.

## What is Included at No Cost:

- **Two-day Training Class plus materials and equipment**
- **Meals** – Two lunches (on-site) – First day dinner (local restaurant)
- **Local transportation to training center**
- **Personal Protective Equipment (PPE)** (required usage by every student)
  - Paint suits - Safety glasses - Respirators\*
- \* Students with fresh-air supplied respirators are permitted to bring them for use with our system (if compatible).
- **Certificate of Completion**

## Student's Financial Obligations:

- **Lodging** – Hampton Inn, 44 1st St. SW, Massillon, OH 44647 330-834-1144 (mention "Pro-Spray" to get a special rate)
- **Transportation** to and from Massillon

1. Akron-Canton (CAK)\*\* Airport, 5400 Lauby Rd. NW, North Canton OH  
(20 miles/25 min. from Training Center and Hampton Inn)
2. Cleveland Hopkins (CLE) International Airport, 5300 Riverside Drive, Cleveland, OH  
(60 miles/1¼ hours from Training Center)

\*\* Transportation from CAK to Hampton Inn (advance reservations required; call to confirm current pricing):

1. Thomas Limousine Service 330-733-5372 \$78.81
2. Akron-Canton Taxi 330-808-2159 \$27.00

## How to Enroll:

1. Since classes fill up quickly, contact your Pro-Spray sales representative at least two weeks prior to the class.
2. Once class availability is confirmed, complete the Training Enrollment Form provided or use the back cover. Mail to the above address - *Attn: Pro-Spray Training* or FAX to 1-330-830-6005 - *Attn: Pro-Spray Training*
3. You will receive a Training Enrollment Acknowledgement mailing that includes additional information.
4. Upon receiving your acknowledgement with enrollment confirmation, secure your travel and lodging arrangements, keeping class start and finish times in mind.

## All classes are two full days:

**Day 1** 8:30 am - 5:00 pm

**Day 2** 8:30 am - 4:00 pm

# training classes

january - june 2012

## Certification for Low VOC

**Description:** This class provides emphasis on the Low VOC product group including H2O Waterborne Basecoat. Training also qualifies painters for compliance to the new national emissions standard for HAPS and EPA 40 CFR Part 63 Subpart HHHHHH as well as Pro-Spray Warranty Certification. Students will learn about waterborne technology as well as Low VOC undercoats and clears, and the different techniques for waterborne refinishing. Spray equipment, environmental conditions and proper handling of chemicals will be discussed. This class involves both hands-on and classroom instruction.

**Dates:** **January 25-26 ~ February 22-23 ~ April 11-12**  
**May 9-10 ~ June 6-7**

## Certification for National Rule including H2O Waterborne

**Description:** This class gives the student an overview of the entire Pro-Spray product offering used in National Rule areas and H2O Waterborne Basecoat. Students will learn how each product is positioned in the collision repair facility and ways to maximize productivity and efficiencies on repairs they encounter on a daily basis. This program qualifies painters for compliance to the national emissions rule EPA 40 CFR Part 63 Subpart HHHHHH (HAPS), as well as Pro-Spray Warranty Certification. Both classroom and hands-on training are utilized for an in-depth look at the proper use of spray equipment, paint booth operation and recommended product usage.

**Dates:** **January 4-5 ~ February 8-9 ~ March 21-22**  
**April 25-26 ~ May 23-24 ~ June 20-21**

## Color Theory and Adjustment

**Description:** This class is designed for the Pro-Spray technician wanting a comprehensive education in color theory and adjustment for blending. Students will learn about pigments, color formulation, variant descriptions and the differences in OE production colors. Participants will leave with an understanding of how to achieve an acceptable match in the shortest amount of time. Both solvent and waterborne colors are covered.

**Dates:** **March 7-8**
